POA Water Restriction Update

Dear Neighbors:

The Southwest Florida Water Management District has extended the Phase Ill watering restrictions through **March 31, 2027.** The City of Venice adopted by resolution these same restrictions.

WHAT DOES THIS MEAN FOR US IN THE VENETIAN?

Reclaimed water- irrigating your property. Please follow the correct day & time on the attached CDD - Residential Irrigation Schedule. Many residents have found that their time clocks have needed to be replaced. Please check your timing devices to be sure they are working an are set correctly or have your landscaper or HOA do so if that is their responsibility.

Permission may be granted for a variance to water new lawns from Keith Livermore at 941-485-8500 or **fieldmanager@vcdd.org.**

City/potable water. Please see the attached City of Venice flyer for city restrictions.

You will note that the City of Venice flyer does not address power washing, but the city does follow the power washing guidelines of the Southwest Florida Water Management District. Please see www.swfwmd.state.fl.us for detailed information.

In short, you are only allowed to power wash your home in preparation for painting and to power wash your driveway in preparation for sealing. You will require an ACC application to paint and to seal. Please see the POA office. You may power wash mold that is unsafe. Unfortunately, power washing for aesthetics is not allowed currently.

Thank you for your cooperation in following these water restrictions and protecting a most asset.

VENETIAN GOLF & RIVER CLUB

RESIDENTIAL IRRIGATION SCHEDULE

Last Digit of Your Address	***Block I*** Days/Hours to Irrigate		***Block II**** Days/Hours to Irrigate	
0	Tuesday	2:00 am – 4:00 am	Thu[illegible]day	10:00 pm – 12[illegible]0 am
1	Tuesday	4:00 am – 6:00 am	Fri[illegible]	12:00 am[illegible]0 am
2	Wednesday	2:00 am – 4:00 am	Friday[illegible]	10:00 p[illegible]12:00 am
3	Wednesday	4:00 am – 6:00 am	Saturday	12:0[illegible]n – 2:00 am
4	Thursday	2:00 am – 4:00 am	Saturday	[illegible]pm – 12:00 am
5	Thursday	4:00 am – 6:00 am	Sunday	[illegible]am – 2:00 am
6	Friday	2:00 am – 4:00 am	Tuesday	10:0[illegible] – 12:00 am
7	Friday	4:00 am – 6:00 am	Wednesd[illegible]	12:00 a[illegible]2:00 am
8	Saturday	2:00 am – 4:00 am	Wedn[illegible]y	10:00 pm –[illegible]0 am
9	Saturday	4:00 am – 6:00 am	Thu[illegible]day-	12:00 am – 2[illegible] am
No Irrigation outside your allotted time period. **No Irrigation on Sunday nights into Monday morning.**				
Maintenance (Wet Check) Only **April 1st through October 31st – Monday and Thursday from 7:00am to 12:00 pm** **November 1st through March 31st – Monday from 10:00 am to 5:00 pm**				

~~*Block II is a second watering period per week and will be provided as needed on a season basis.~~
Irrigation should be set for ~~both~~ I block, which will automatically start when pumps are on ~~for the second block.~~

Suggested Runtime Times (per Irrigation Block)

Different types of sprinklers apply water to your lawn at different rates so their runtimes should be different. The following runtimes are based on the normal application rates for the different types of sprinklers.

15 minutes for spray head zones (10' to 15' radius "fan" type spray heads)
45 minutes for rotor zones (25" to 30" radius rotating stream)
22 minutes ** for dripline zones (tubing in landscape beds) (**less for mature plants)
20 minutes *** for bubbler zones (for trees) (***reduce to "0" minutes for trees planted more than six [6] months)

Example: My address is 406, so I will program my irrigation controller to start an irrigation cycle on Fridays at 2:00 am to 4:00 am and Tuesday at 10:00 pm to 12:00 am
My irrigation has six (6) zones as follows:

Station or Zone Number	**Type of Sprinkler (Spray, rotor, dripline, bubbler)**	**Runtime/Minutes Per Irrigation Day**
1	Spray head	15
2	Spray head	15
3	Rotors	45
4	Spray head	15
5	Dripline (mature plants)	15**
6	Bubbler (established trees)	0***

Venice, FL
City on the Gulf
